- 8 browning settings suit any preference
- Auto-centring slot for even results on both sides
- Defrost mode with button and LED indicator
- Long slot accommodates different breads
- Extra wide slot for thick or thin bread slices

# PHILIPS

# Highlights

## Long-slot design

A single, long slot fits virtually any type of bread you choose.

## Auto-centring system

An auto-centring rack ensures even toasting on both sides by locking each slice—thick or thin—in the middle of the slot.

## 8 browning settings

Adjust toasting time for any bread, however you like it.

## Defrost mode

Defrost mode effortlessly toasts frozen bread in one go at the touch of a button.

## Built-in bun warming rack

An integrated bun warmer heats pastries, rolls, croissants and more.

## High-lift lever

A high-lift lever gives small items an extra boost for safe, easy removal.

## Removable crumb tray

Easy to keep clean and tidy thanks to the removable crumb tray.

## Reheat mode

Reheat mode warms up previously toasted bread in seconds at the touch of a button.

## Cancel button for instant shut

The cancel button stops toasting at any time for safe and precise operation.

## Auto shut-off protection

Auto shut-off in case of bread jam protects against short circuits.

## Extra-wide slot

The extra-wide slot handles any slice, whether you take your toast thick, thin or in between.
