Simply delicious coffee

With aroma twister for the best taste experience

Enjoy the taste and aroma of freshly brewed coffee with this Philips coffee maker. Its compact design is perfect for brewing two to seven cups. Enjoy an optimal taste in each cup of coffee thanks to the aroma twister.

Great taste and aroma

- Aroma twister circulates the coffee for optimal taste

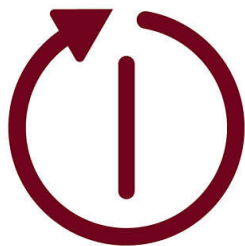

Easy to experience

- Drip stop to pour a cup of coffee whenever you like
- Water level indication for easy filling
- LED power switch lights up when the coffee maker is switched
- Auto shut-off after 30 min. for energy-saving and safety reasons
- Dishwasher proof parts for easy cleaning
- Compact design perfect for 2-7 cups

PHILIPS

Highlights

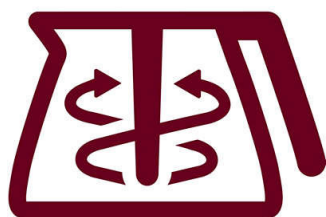

Automatic shut-off (30 min)

Auto-off

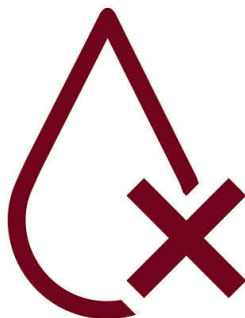

30 minutes after brewing your coffee, the coffee maker switches off automatically to save energy and for safety. This is in accordance with EU regulations, which apply to all coffee makers in the EU. If you want your coffee to stay hot longer, Philips offers coffee makers with a thermal jug.

Aroma twister

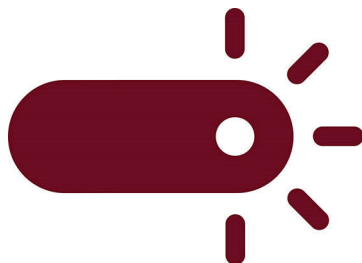

This smart nozzle inside the jug circulates the inflowing coffee evenly through the jug for an optimal and consistent aroma, from the first to the last cup.

Drip-stop

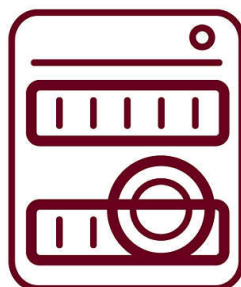

The drip stop allows you to pour a cup of coffee before the full brewing cycle is finished.

LED power switch

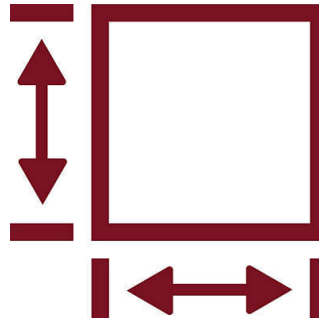

The red light on the switch button illuminates when the coffee maker is switched on.

Dishwasher-safe parts

The jug and filter holder can be easily cleaned in the dishwasher.

Compact design

This coffee maker is specially designed for brewing 2 to 7 cups of coffee (maximum 0.6 litres). Thanks to its very compact design, this coffee maker takes up little space in your kitchen.

Water level indication

Fill the water tank easily and precisely with the water level indication.
