Highlights

Prevent kids' cavities

Rest assured that your child can stay comfortable as they develop healthy brushing habits and keep away cavities. Philips Sonicare for Kids brush heads feature a rubber moulding for a softer, more pleasant feel in the mouth against cheeks and gums.

Trusted Sonicare brushing

Experience the clean chosen by millions. Philips Sonicare toothbrushes clean gently yet effectively and care for your teeth and gums with up to 62,000 bristle movements. Sonicare Fluid Action supports the bristles to clean by driving fluid deep between teeth and along the gumline.

Tested for safety and quality

All Philips Sonicare brush heads are meticulously designed and tested. So you can be sure that they meet the highest standard in quality, safety and performance.

Superior cleaning in seconds

Our sonic power enables you to take full advantage of the limited time your child spends brushing to build healthy habits and perfect their brushing technique.

Designed especially for kids

This brush head is made to clean little mouths with care. It features soft bristles for gentle cleaning, a contoured bristle profile to fit your

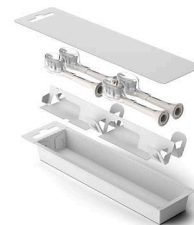

child's teeth and a soft rubber back for extra in-mouth comfort. Also available in a standard size for kids aged 7 and up.

Bio-based plastic

We are working to reduce our use of fossil-fuel-based plastic in our products. That's why 70% of the plastic in this brush head is bio-based.*

Paper-based packaging

All of our brush heads come in paper-based packaging which can be recycled where facilities are available.
